Dear visitor!

Welcome to the official hungarian site of ship scale-modeling! Unfortunately our page is available only in Hungarian language, this is why we would like to lend a helping hand in navigation and browsing.

- To view ships under construction please choose the "Cikkek/Új építések" item in the menu bar, or go direct by entering <http://hajomakett.hu/content/category/2/35/37/> link
- To view completed sailboats please choose the "Cikkek/Vitorlázás hajómodell" item in the menu bar, or go direct by entering the <http://hajomakett.hu/content/category/2/36/36/> link
- To view completed modern ships please choose the "Cikkek/Modern hajómodellek" item in the menu bar, or go direct by entering the <http://hajomakett.hu/content/category/2/37/35/> link.

You may also brows around in our picture gallery through almost 2000 pictures. You may find the gallery under the "Egyebek/Galéria" item in the menu bar or go direct by entering the <http://galeria.hajomakett.hu> link. Our gallery available in English too.

Please feel free to use our visitors book aswell under "Egyebek/Vendégek könyve" item in the menu bar " (http://hajomakett.hu/component/option,com_easybook/Itemid,65/). We understand english and if you have any questions, we will do our best to answer them.

Site in Hungary aimed at the audience, but some papers are sent to more than one reader.

Please tell us which article to read like English. After logging write a personal message to Maszatomy, Tyrman, Moha or allermat to the requested link.

Some content also available in English if the English flag at the bottom of the tab is clicked. Feel free to use.
